

Gillian Edwards

Statement

Skills & experience

- I was a financial advisor for 27 years, including 10 years running my own business, managing a range of personal and commercial accounts.
- I moved to Longparish in 2006 and feel part of a strong community.
- I helped to refurbish The Plough after it was purchased by LCPL.

Time available

- I retired in 2022, so I am able to commit the time needed to make a difference.

Why I want to be involved

- I am proud to live in this wonderful village and feel that it is only right to give something back to the community now that I have more time on my hands. The Plough, as well as The Cricketers, allows others to enjoy what we are all so lucky to have on our doorstep!

I think I have the skills, experience, time and enthusiasm to build on the successes to date and help develop it further to benefit our wider community.
